Title: Confronting the Giant of Evolution

Text: Isaiah 40:18-31

Biology

: a theory that the differences between modern plants and animals are because of changes that happened by a natural process over a very long time

: the process by which changes in plants and animals happen over time

: a process of slow change and development

Merriam-Webster's Learner's Dictionary

Facts Disproving Evolution

- 1) It's a theory not scientific fact.
 - Observed under controlled known tests.
 - Results should be the same each time.
 - Observed data takes place in reasonable amount of time.
- 2) There are similarities between species but species remain within their own kind. No new species.
- 3) Fossil records were formed in catastrophic events. No transitional fossils.
- 4) Evolution is a belief system designed to remove Christianity from the world.
- 5) Evolution elevates man to the position only God should hold. (humanism)
- 6) Evolutionary principles threaten the future of humanity.
 - Survival of the fittest implies that a species selectively determines who lives and who dies. (abortion, euthanasia, eugenics, genocide, sterilization, population control)
- 7) God did not use Evolution to create the universe.
 - Six days not billions of years
 - God created each living thing after its own kind.
 - The very fact that God died to save sinful man indicates that man was there in the beginning not something that evolved.

Refuting Evolution

- 1) Were you there? Was anybody there when God created the universe?
- 2) The Bible says God created all things. v.21, 28
- 3) God spoke creation into existence from nothing. Genesis 1
